

AYA's Quran Institute

Memorizing the Quran holds paramount significance for students at an Islamic school, as it aligns with the core mission of nurturing strong Islamic identities and fostering a deep connection with the divine. At the heart of this endeavor is the preservation of the Quranic text, a sacred duty for every Muslim, and an act of worship in itself. Encouraging students to memorize the Quran not only ensures the transmission of our religious heritage but also equips them with a profound understanding of the Quranic verses, instilling values of discipline and perseverance.

One crucial aspect is the spiritual transformation that takes place during Quran memorization. When students commit the Quran to memory, they immerse themselves in a profound spiritual journey. Memorization encourages reflection, fostering a direct and personal relationship with the Quran's message. This connection becomes a source of solace, guidance, and a shield against the trials of life. It is through this intimate relationship with the Quran that students are better equipped to navigate the challenges of the modern world while upholding their Islamic values.

Furthermore, the memorization of the Quran ensures its continuous dissemination to future generations. Students who embark on this noble journey become torchbearers of the faith, able to share the Quran's wisdom and teachings with others. In an age where misinformation is prevalent, these individuals become vital ambassadors of Islam, promoting a more accurate understanding of the faith. In conclusion, memorizing the Quran serves as a dual commitment – one to our faith and one to humanity, ensuring the Quran's timeless wisdom continues to illuminate the lives of believers and non-believers alike.

- Students who can read the Qur'an well participate in it.
- The working hours of this group will be Monday and Wednesday of each week at (4-5) pm.
- The curriculum will be for the student to memorize specific verses in each session, and review the previously memorized Quran surahs.

Halaqt Abdullah bin Masood - may God be pleased with him:

The appointment of this group will be Tuesday and Thursday of each week at (4-5)

Students will be trained to improve their reading of the Holy Qur'an by teaching and training the student to master the reading of the surah to be memorized so that he can memorize it correctly.
